

Krist Kindle (Christ Child) is a happy German Advent tradition. The Christ Child is helped by a band of angels and secretly visits homes during Advent.

The first Sunday of Advent is December 1st. This Advent season we can share the joy and blessings of the season with one another in our church family. The Krist Kindle program is a wonderful way to allow your family to be prayerful and giving to another family during the Advent season. The week before Advent begins, you will receive in the mail the name of a family for whom you can pray and surprise with notes, telephone calls, or a little token gift once a week for each of the four weeks of Advent.

If you would like to join us, please fill out the attached paper with your family names, address and phone number and drop it off at the church on Sundays or at the rectory prior to November 25. You will be assigned a family or person participant, and over the weeks of Advent pray for the family assigned to you and secretly leave small tokens of your thoughts and prayers at their home.

At a celebration on Holy Family Sunday, the secret partners are revealed. This is a wonderful way for people to meet new friends and a warm and friendly way to teach children the true meaning of Christmas – with prayer, thanksgiving and generosity to others.
