

Krist Kindle (Christ Child) is a happy German Advent tradition. The Christ Child is helped by a band of angels and secretly visits homes during Advent.

The first Sunday of Advent is November 27th. This Advent season we can share the joy and blessings of the season with another in our church family. The Krist Kindle program is a wonderful way to allow your family to be prayerful and giving to another family during the Advent season. The week before Advent begins you will receive, in the mail, the name of another parish family whom you can pray for and surprise with notes, telephone calls, or a small token gift once a week for each of the four weeks of Advent.

Please fill out the attached form and drop it in the box in the narthex or at the rectory. You'll be assigned another family or person participant to remember with prayers and small gifts over the weeks of Advent. At a celebration on January 8, 2017, the secret partners are revealed. This is a wonderful way for people to meet new friends and a warm and friendly way to teach children the true meaning of Christmas with prayer, thanksgiving and generosity to others.
